

The Philadelphia National Stamp Exhibition

P. O. Box 43146 Philadelphia PA 19129-3146

15 September 2011

To: All PNSE current and former member stamp clubs
From: Mark Schwartz, Exhibit Chair
Subject: **Single Frame Club Competition**

This year we are beginning what we hope to be a tradition at PNSE, the Single Frame Club Competition.

For the 2012 PNSE show, each club is invited to submit 15 pages of material (plus a title page), made up of submissions of no more than three pages per individual member. The title page should include the name and description of the Club, include meeting dates and times, the members who produced the exhibit and an overview of the exhibit if desired and contact information so prospective new members can reach you for additional information. We prefer, *but do not require*, that these 15 pages keep to a specific theme, such as that of a traditional exhibit, an exhibit of postal history, aerophilately, revenue stamps, etc. A full list can be seen in the 2012 special Club SINGLE FRAME Prospectus on our website www.pnse.org. If a theme is not chosen then any combination of pages can be entered.

There will be no entrance fee for this club single frame exhibit, and the best entry will be selected by a small group of judges chosen by the PNSE Directors, and separate from the normal show panel. The best frame will be awarded the PNSE Club Award for 2012 complete with bragging rights.

Please see the web site www.pnse.org for further information on this special club competition.

One final comment. In the prospectus, we ask you to sign a disclaimer. As noted in the prospectus, this disclaimer is now required of all exhibitors in APS-sponsored 'World Series of Philately' shows.
